

Thank you for taking this opportunity to help Sponsor A Student. The money you kindly give will go to help their dreams come true by giving some light relief to the cost of the course that they themselves are funding.

About the course itself: We offer a 2&3 Year Performing Arts Course, which is vocational and comes with Teacher training. This offers the students the opportunity to walk away with a Level 4 Diploma in Dance Teaching. During the course not only will they be taught by leading industry professionals, there is also opportunity to gain professional experience enabling them to leave college with a CV.

Thank you once again for your generosity and support,
